

## TMF1 mouse mAb

| Catalog No                | BYmab-09227   |
|---------------------------|---|
| Isotype                   | IgG   |
| Reactivity                | Human;Mouse   |
| Applications              | WB  |
| Gene Name                 | TMF1 ARA160   |
| Protein Name              | TATA element modulatory factor (TMF) (Androgen receptor coactivator 160 kDa protein) (Androgen receptor-associated protein of 160 kDa)                                  |
| Immunogen                 | Synthesized peptide derived from human TMF1 AA range: 498-548   |
| Specificity               | This antibody detects endogenous levels of human TMF1   |
| Formulation               | Liquid in PBS containing 50% glycerol, 0.5% BSA and 0.02% sodium azide.   |
| Source                    | Monoclonal, Mouse,IgG   |
| Purification              | The antibody was affinity-purified from mouse antiserum by affinity-chromatography using epitope-specific immunogen.  |
| Dilution                  | WB 1:500-2000   |
| Concentration             | 1 mg/ml   |
| Purity                    | ≥90%  |
| Storage Stability         | -20°C/1 year  |
| Synonyms                  |   |
| Observed Band             |   |
| Cell Pathway              | Cytoplasm. Nucleus. Golgi apparatus membrane. Concentrated at the budding structures localized at the tips of cisternae.  |
| Tissue Specificity        |   |
| Function                  |   |
| Background                |   |
|                           |   |
| matters needing attention | Avoid repeated freezing and thawing!  |
|                           | Avoid repeated freezing and thawing!  This product can be used in immunological reaction related experiments. For more information, please consult technical personnel. |
