

## V1RL3 Monoclonal Antibody

Isotype   IgG		
Applications WB  Gene Name VN1R3  Protein Name Vomeronasal type-1 receptor 3  Immunogen The antiserum was produced against synthesized peptide derived from human VN1R3. AA range:129-178  Specificity V1RL3 Monoclonal Antibody detects endogenous levels of V1RL3 protein.  Formulation Liquid in PBS containing 50% glycerol, 0.5% BSA and 0.02% sodium azide.  Source Monoclonal, Mouse, IgG  Purification The antibody was affinity-purified from mouse antiserum by affinity-chromatography using epitope-specific immunogen.  Dilution WB 1:500-2000  Concentration 1 mg/ml  Purity ≥90%  Storage Stability -20°C/1 year  Synonyms VN1R3; V1RL3; FKSG46; Vomeronasal type-1 receptor 3; V1r-like receptor 3  Observed Band 35kD  Cell Pathway Cell membrane; Multi-pass membrane protein.  Tissue Specificity  Function function:Putative pheromone receptor., miscellaneous:The gorilla and orangutan orthologous proteins do not exist, their genes are pseudogenes, online information:No one nose - Issue 61 of August 2005, polymorphism:There seems to be a deletion in the gene coding for this protein in about 198% of the population., similarity:Belongs to the G-protein coupled receptor 1 family., function:Putative pheromone receptor, miscellaneous:The gorilla and orangutan orthologous proteins do not exist, their genes are pseudogenes, online information:No one nose - Issue 61 of August 2005, polymorphism:There seems to be a deletion in the gene coding for this protein in about 198% of the population in the gene coding for this protein in about 198% of the be a deletion in the gene coding for this protein in about 198% of the be a deletion in the gene coding for this protein in about 198% of the be a deletion in the gene coding for this protein in about 198% of the be a deletion in the gene coding for this protein in about 198% of the	Catalog No	BYmab-12837
