

## RhCG Monoclonal Antibody

Catalog No         BYmab-13973           Isotype         IgG           Reactivity         Human;Rat;Mouse;           Applications         WB           Gene Name         RHCG           Protein Name         Ammonium transporter Rh type C           Immunogen         Synthesized peptide derived from the Internal region of human RhCG.           Specificity         RhCG Monoclonal Antibody detects endogenous levels of RhCG protein.           Formulation         Liquid in PBS containing 50% glycerol, 0.5% BSA and 0.02% sodium azide.           Source         Monoclonal, Mouse, IgG           Purification         The antibody was affinity-purified from mouse antiserum by affinity-chromatography using epitope-specific immunogen.           Dilution         WB 1:500-2000           Concentration         1 mg/ml           Purity         ≥90%           Storage Stability         -20°C/1 year           Synonyms         RHCG; C15orf6; CDRC2; PDRC2; RHGK; Ammonium transporter Rh type C; Rh glycoprotein kidney; Rhesus blood group family type C glycoprotein; Rh family type C glycoprotein; Rh type C glycoprotein; Tumor-related protein DRC2           Observed Band         53kD           Cell Pathway         Apical cell membrane; Multi-pass membrane protein . Also detected at the basolateral membrane and in subapical vesicles.           Tissue Specificity         Expressed in squamous e			
Reactivity Human;Rat;Mouse;  Applications WB  Gene Name RHCG  Protein Name Ammonium transporter Rh type C  Immunogen Synthesized peptide derived from the Internal region of human RhCG.  Specificity RhCG Monoclonal Antibody detects endogenous levels of RhCG protein.  Formulation Liquid in PBS containing 50% glycerol, 0.5% BSA and 0.02% sodium azide.  Source Monoclonal, Mouse, IgG  Purification The antibody was affinity-purified from mouse antiserum by affinity-chromatography using epitope-specific immunogen.  Dilution WB 1:500-2000  Concentration 1 mg/ml  Purity ≥90%  Storage Stability -20°C/1 year  Synonyms RHCG; C15orf6; CDRC2; PDRC2; RHGK; Ammonium transporter Rh type C; Rh glycoprotein kidney; Rhesus blood group family type C glycoprotein; Rh family type C glycoprotein; Rh type C glycoprotein; Tumor-related protein DRC2  Observed Band 53kD  Cell Pathway Apical cell membrane; Multi-pass membrane protein. Also detected at the basolateral membrane and in subapical vesicles.  Tissue Specificity Expressed in brain, testis, placenta, pancreas, esophagus and prostate. Expressed in squamous epithelial tissues (at protein level). According to PubMed:11062476, specifically expressed in fetal kidney, function:Functions as an electroneutral and bidirectional ammonium transporter. May regulate transepithelial ammonia secretion. PTM:N-dycovyalted, similarity; Belongs to the ammonium transporter. May regulate transepithelial ammonia secretion. PTM:N-dycovyalted. similarity; Belongs to the ammonium transporter. (TC 2.A.49) family. Rh subfamily, subcellular location:Also detected at the basolateral membrane and in supannous epithelial tissues (at protein level). Specifically expressed in squamous epithelial tissues (at protein level). Specifically oppressed in squamous epithelial tissues (at protein level).	Catalog No	BYmab-13973	
Applications  Gene Name  RHCG  Protein Name  Ammonium transporter Rh type C  Immunogen  Synthesized peptide derived from the Internal region of human RhCG.  Specificity  RhCG Monoclonal Antibody detects endogenous levels of RhCG protein.  Formulation  Liquid in PBS containing 50% glycerol, 0.5% BSA and 0.02% sodium azide.  Source  Monoclonal, Mouse, IgG  Purification  The antibody was affinity-purified from mouse antiserum by affinity-chromatography using epitope-specific immunogen.  Dilution  WB 1:500-2000  Concentration  1 mg/ml  Purity  290%  Storage Stability  -20°C/1 year  Synonyms  RHCG; C15orf6; CDRC2; PDRC2; RHGK; Ammonium transporter Rh type C; Rh glycoprotein kidney; Rhesus blood group family type C glycoprotein; Rh family type C glycoprotein; Rh type C glycoprotein; Tumor-related protein DRC2  Observed Band  53kD  Cell Pathway  Apical cell membrane : Multi-pass membrane protein . Also detected at the basolateral membrane and in subapical vesicles  Expressed in brain, testis, placenta, pancreas, esophagus and prostate. Expressed in squamous epithelial tissues (at protein level). According to PubMed: 11062476, specifically expressed in fetal kidney, function:Functions as an electroneutral and bidirectional ammonium transporter. May regulate transepithelial ammonium secretion, PTM:N-glycosylated, similarity; Belongs to the ammonium transporter. May regulate transepithelial tissues and prostate Expressed in squamous epithelial tissues, placenta, pancreas, esophagus and prostate. Expressed in squamous epithelial tissues, glacenta, pancreas, esophagus and prostate. Expressed in squamous epithelial tissues (at protein level). Specifically expressed in squamous epithelial tissues, placenta, pancreas, esophagus and prostate. Expressed in squamous epithelial tissues (at protein level). Specifically.	Isotype	IgG
