

BEST2 Monoclonal Antibody

Catalog No BYmab-14284 Isotype IgG Reactivity Mouse;Rat Applications WB Gene Name BEST2 Protein Name Bestrophin-2 Immunogen Synthetic Peptide of BEST2 Specificity The antibody detects endogenous BEST2 protein. Formulation PBS, pH 7.4, containing 0.5%BSA, 0.02% sodium azide as Preservative and 50% Glycerol. Source Monoclonal, Mouse,IgG Purification The antibody was affinity-purified from mouse antiserum by affinity-chromatography using epitope-specific immunogen. Dilution WB 1:500-2000 Concentration 1 mg/ml Purity ≥90% Storage Stability -20°C/1 year Synonyms Bestrophin-2; Vitelliform macular dystrophy 2-like protein 1 Observed Band 50kD Cell Pathway Cell membrane; Multi-pass membrane protein. Tissue Specificity Mainly confined to the retinal pigment epithelium and colon. Function function:Forms calcium-sensitive chloride channels. May conduct other physiologically significant anions such as bicarbonate, similarity:Belongs to the bestrophin family, tissue specificity:Mainly confined to
