

## NMDAζ1 Monoclonal Antibody

Catalog No	BYmab-16490
Isotype	IgG
Reactivity	Human;Mouse;Rat
Applications	WB
Gene Name	GRIN1
Protein Name	Glutamate [NMDA] receptor subunit zeta-1
Immunogen	The antiserum was produced against synthesized peptide derived from human NMDAR1. AA range:856-905
Specificity	NMDA $\zeta$ 1 Monoclonal Antibody detects endogenous levels of NMDA $\zeta$ 1 protein.
Formulation	Liquid in PBS containing 50% glycerol, 0.5% BSA and 0.02% sodium azide.
Source	Monoclonal, Mouse,IgG
Purification	The antibody was affinity-purified from mouse antiserum by affinity-chromatography using epitope-specific immunogen.
Dilution	WB 1:500-2000
Concentration	1 mg/ml
Purity	≥90%
Storage Stability	-20°C/1 year
Synonyms	GRIN1; NMDAR1; Glutamate [NMDA] receptor subunit zeta-1; N-methyl-D-aspartate receptor subunit NR1; NMD-R1
Observed Band	105kD
Cell Pathway	Cell membrane ; Multi-pass membrane protein . Cell junction, synapse,
	postsynaptic cell membrane . Cell junction, synapse, postsynaptic density . Enriched in postsynaptic plasma membrane and postsynaptic densities
Tissue Specificity	postsynaptic cell membrane . Cell junction, synapse, postsynaptic density .

	complex and the NMDAR channel activity.,similarity:Belongs to the glutamate-gated ion channel (TC 1.A.10) family.,subcellular location:Enriched in post-synaptic plasma membrane and post-synaptic densities.,subunit:Fo
Background	The protein encoded by this gene is a critical subunit of N-methyl-D-aspartate receptors, members of the glutamate receptor channel superfamily which are heteromeric protein complexes with multiple subunits arranged to form a ligand-gated ion channel. These subunits play a key role in the plasticity of synapses, which is believed to underlie memory and learning. Cell-specific factors are thought to control expression of different isoforms, possibly contributing to the functional diversity of the subunits. Alternatively spliced transcript variants have been described. [provided by RefSeq, Jul 2008],
matters needing attention	Avoid repeated freezing and thawing!
Usage suggestions	This product can be used in immunological reaction related experiments. For more information, please consult technical personnel.
