

BHMT Monoclonal Antibody

Catalog No	BYab-00954
Isotype	IgG
Reactivity	Human
Applications	WB;IHC;IF;ELISA
Gene Name	BHMT
Protein Name	Betaine--homocysteine S-methyltransferase 1
Immunogen	Purified recombinant fragment of BHMT expressed in E. Coli.
Specificity	BHMT Monoclonal Antibody detects endogenous levels of BHMT protein.
Formulation	Ascitic fluid containing 0.03% sodium azide,0.5% BSA, 50%glycerol.
Source	Monoclonal, Mouse
Purification	Affinity purification
Dilution	WB: 1/500 - 1/2000. IHC: 1/200 - 1/1000. ELISA: 1/10000.. IF 1:50-200
Concentration	1 mg/ml
Purity	≥90%
Storage Stability	-20°C/1 year
Synonyms	BHMT; Betaine--homocysteine S-methyltransferase 1
Observed Band	
Cell Pathway	Cytoplasm, cytosol . Nucleus . Predominantly localized in the cytoplasm with a small fraction detected in the nucleus. Translocates into the nucleus upon oxidative stress. .
Tissue Specificity	Found exclusively in liver and kidney.
Function	catalytic activity:Trimethylammonioacetate + L-homocysteine = dimethylglycine + L-methionine.,cofactor:Binds 1 zinc ion per subunit.,function:Involved in the regulation of homocysteine metabolism. Converts betaine and homocysteine to dimethylglycine and methionine, respectively. This reaction is also required for the irreversible oxidation of choline.,pathway:Amine and polyamine degradation; betaine degradation; sarcosine from betaine: step 1/2.,pathway:Amino-acid biosynthesis; L-methionine biosynthesis via de novo pathway; L-methionine from L-homocysteine (BhmT route): step 1/1.,similarity:Contains 1 Hcy-binding domain.,subunit:Homotetramer.,tissue specificity:Found exclusively in liver and kidney.,

Nanjing BYabscience technology Co.,Ltd

Background	betaine--homocysteine S-methyltransferase(BHMT) Homo sapiens This gene encodes a cytosolic enzyme that catalyzes the conversion of betaine and homocysteine to dimethylglycine and methionine, respectively. Defects in this gene could lead to hyperhomocyst(e)inemia, but such a defect has not yet been observed. [provided by RefSeq, Jul 2008],
matters needing attention	Avoid repeated freezing and thawing!
Usage suggestions	This product can be used in immunological reaction related experiments. For more information, please consult technical personnel.
