

# GPR97 Polyclonal Antibody

|                           |                                                                                                                                               |
|---------------------------|-----------------------------------------------------------------------------------------------------------------------------------------------|
| Catalog No                | BYab-07392                                                                                                                                    |
| Isotype                   | IgG                                                                                                                                           |
| Reactivity                | Human;Rat;Mouse;                                                                                                                              |
| Applications              | WB;ELISA                                                                                                                                      |
| Gene Name                 | GPR97 PGR26                                                                                                                                   |
| Protein Name              | Probable G-protein coupled receptor 97 (G-protein coupled receptor PGR26)                                                                     |
| Immunogen                 | Synthesized peptide derived from human protein . at AA range: 210-290                                                                         |
| Specificity               | GPR97 Polyclonal Antibody detects endogenous levels of protein.                                                                               |
| Formulation               | Liquid in PBS containing 50% glycerol, and 0.02% sodium azide.                                                                                |
| Source                    | Polyclonal, Rabbit,IgG                                                                                                                        |
| Purification              | The antibody was affinity-purified from rabbit antiserum by affinity-chromatography using epitope-specific immunogen.                         |
| Dilution                  | WB 1:500-2000 ELISA 1:5000-20000                                                                                                              |
| Concentration             | 1 mg/ml                                                                                                                                       |
| Purity                    | ≥90%                                                                                                                                          |
| Storage Stability         | -20°C/1 year                                                                                                                                  |
| Synonyms                  |                                                                                                                                               |
| Observed Band             | 60kD                                                                                                                                          |
| Cell Pathway              | Cell membrane ; Multi-pass membrane protein .                                                                                                 |
| Tissue Specificity        | Expressed in cultured primary dermal lymphatic endothelial cells.                                                                             |
| Function                  | function:Orphan receptor.,similarity:Belongs to the G-protein coupled receptor 2 family. LN-TM7 subfamily.,similarity:Contains 1 GPS domain., |
| Background                | function:Orphan receptor.,similarity:Belongs to the G-protein coupled receptor 2 family. LN-TM7 subfamily.,similarity:Contains 1 GPS domain., |
| matters needing attention | Avoid repeated freezing and thawing!                                                                                                          |
| Usage suggestions         | This product can be used in immunological reaction related experiments. For more information, please consult technical personnel.             |
