

# RN220 rabbit pAb

|                           |                                                                                                                                   |
|---------------------------|-----------------------------------------------------------------------------------------------------------------------------------|
| Catalog No                | BYab-08023                                                                                                                        |
| Isotype                   | IgG                                                                                                                               |
| Reactivity                | Human; Mouse                                                                                                                      |
| Applications              | WB                                                                                                                                |
| Gene Name                 | RNF220 C1orf164                                                                                                                   |
| Protein Name              | RN220                                                                                                                             |
| Immunogen                 | Synthesized peptide derived from human RN220 AA range: 218-268                                                                    |
| Specificity               | This antibody detects endogenous levels of RN220 at Human/Mouse                                                                   |
| Formulation               | Liquid in PBS containing 50% glycerol, 0.5% BSA and 0.137% sodium azide.                                                          |
| Source                    | Polyclonal, Rabbit,IgG                                                                                                            |
| Purification              | The antibody was affinity-purified from rabbit serum by affinity-chromatography using specific immunogen.                         |
| Dilution                  | WB 1:500-2000                                                                                                                     |
| Concentration             | 1 mg/ml                                                                                                                           |
| Purity                    | ≥90%                                                                                                                              |
| Storage Stability         | -20°C/1 year                                                                                                                      |
| Synonyms                  | E3 ubiquitin-protein ligase RNF220 (EC 6.3.2.-) (RING finger protein 220)                                                         |
| Observed Band             | 60kD                                                                                                                              |
| Cell Pathway              | Cytoplasm .                                                                                                                       |
| Tissue Specificity        | Brain, Eye, Umbilical cord blood,                                                                                                 |
| Function                  | similarity: Contains 1 RING-type zinc finger.,                                                                                    |
| Background                |                                                                                                                                   |
| matters needing attention | Avoid repeated freezing and thawing!                                                                                              |
| Usage suggestions         | This product can be used in immunological reaction related experiments. For more information, please consult technical personnel. |
