

# HRSL1 rabbit pAb

|                           |                                                                                                                                                                            |
|---------------------------|----------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Catalog No                | BYab-08732                                                                                                                                                                 |
| Isotype                   | IgG                                                                                                                                                                        |
| Reactivity                | Human; Mouse                                                                                                                                                               |
| Applications              | WB                                                                                                                                                                         |
| Gene Name                 | HRASLS                                                                                                                                                                     |
| Protein Name              | HRSL1                                                                                                                                                                      |
| Immunogen                 | Synthesized peptide derived from human HRSL1 AA range: 50-100                                                                                                              |
| Specificity               | This antibody detects endogenous levels of HRSL1 at Human/Mouse                                                                                                            |
| Formulation               | Liquid in PBS containing 50% glycerol, 0.5% BSA and 0.02% sodium azide.                                                                                                    |
| Source                    | Polyclonal, Rabbit,IgG                                                                                                                                                     |
| Purification              | The antibody was affinity-purified from rabbit serum by affinity-chromatography using specific immunogen.                                                                  |
| Dilution                  | WB 1: 500-2000                                                                                                                                                             |
| Concentration             | 1 mg/ml                                                                                                                                                                    |
| Purity                    | ≥90%                                                                                                                                                                       |
| Storage Stability         | -20°C/1 year                                                                                                                                                               |
| Synonyms                  |                                                                                                                                                                            |
| Observed Band             |                                                                                                                                                                            |
| Cell Pathway              | [Isoform 1]: Membrane ; Single-pass membrane protein . Cytoplasm .; [Isoform 2]: Nucleus . Cytoplasm .                                                                     |
| Tissue Specificity        | [Isoform 1]: Abundantly expressed in testis, skeletal muscle, brain, and heart. ; [Isoform 2]: Highly expressed in the testis, skeletal muscle, brain, heart, and thyroid. |
| Function                  | similarity:Belongs to the H-rev107 family.,                                                                                                                                |
| Background                |                                                                                                                                                                            |
| matters needing attention | Avoid repeated freezing and thawing!                                                                                                                                       |
