

# P5I13 rabbit pAb

|                           |                                                                                                                                                         |
|---------------------------|---------------------------------------------------------------------------------------------------------------------------------------------------------|
| Catalog No                | BYab-09675                                                                                                                                              |
| Isotype                   | IgG                                                                                                                                                     |
| Reactivity                | Human;Mouse;Rat                                                                                                                                         |
| Applications              | WB                                                                                                                                                      |
| Gene Name                 | TP53I13 DSCP1                                                                                                                                           |
| Protein Name              | Tumor protein p53-inducible protein 13 (Damage-stimulated cytoplasmic protein 1)                                                                        |
| Immunogen                 | Synthesized peptide derived from human P5I13 AA range: 36-86                                                                                            |
| Specificity               | This antibody detects endogenous levels of human P5I13                                                                                                  |
| Formulation               | Liquid in PBS containing 50% glycerol, 0.5% BSA and 0.02% sodium azide.                                                                                 |
| Source                    | Polyclonal, Rabbit,IgG                                                                                                                                  |
| Purification              | The antibody was affinity-purified from rabbit serum by affinity-chromatography using specific immunogen.                                               |
| Dilution                  | WB 1:1000-2000                                                                                                                                          |
| Concentration             | 1 mg/ml                                                                                                                                                 |
| Purity                    | ≥90%                                                                                                                                                    |
| Storage Stability         | -20°C/1 year                                                                                                                                            |
| Synonyms                  |                                                                                                                                                         |
| Observed Band             |                                                                                                                                                         |
| Cell Pathway              | Cell membrane ; Single-pass type I membrane protein ; Extracellular side . Cytoplasm . Associates with unknown subcellular structures in the cytoplasm. |
| Tissue Specificity        | Expressed in heart, placenta, skeletal muscle, testis, brain and lung.                                                                                  |
| Function                  |                                                                                                                                                         |
| Background                |                                                                                                                                                         |
| matters needing attention | Avoid repeated freezing and thawing!                                                                                                                    |
| Usage suggestions         | This product can be used in immunological reaction related experiments. For more information, please consult technical personnel.                       |
