| Gene Name                 | DENND2D                                                                                                                                                                                                                                          |
| Protein Name              | DEN2D                                                                                                                                                                                                                                            |
| Immunogen                 | Synthesized peptide derived from human DEN2D AA range: 183-233                                                                                                                                                                                   |
| Specificity               | This antibody detects endogenous levels of DEN2D at Human/Mouse                                                                                                                                                                                  |
| Formulation               | Liquid in PBS containing 50% glycerol, 0.5% BSA and 0.02% sodium azide.                                                                                                                                                                          |
| Source                    | Polyclonal, Rabbit,IgG                                                                                                                                                                                                                           |
| Purification              | The antibody was affinity-purified from rabbit serum by affinity-chromatography using specific immunogen.                                                                                                                                        |
| Dilution                  | WB 1: 500-2000                                                                                                                                                                                                                                   |
| Concentration             | 1 mg/ml                                                                                                                                                                                                                                          |

| Observed Band             |                                                                                                                                                                                                                                                  |
| Cell Pathway              | Cytoplasm .                                                                                                                                                                                                                                      |
| Tissue Specificity        | In bronchial mucosa, mainly expressed in ciliated and basal epithelial cells and weakly in alveolar cells (at protein level). Tends to be down-regulated in lung cancers, immortalized bronchial epithelial cell lines and precancerous lesions. |
| Function                  | similarity:Contains 1 dDENN domain.,similarity:Contains 1 DENN domain.,similarity:Contains 1 uDENN domain.,                                                                                                                                      |
| Background                |                                                                                                                                                                                                                                                  |
| matters needing attention | Avoid repeated freezing and thawing!                                                                                                                                                                                                             |
