

# PYRD1 rabbit pAb

|                           |                                                                                                                                               |
|---------------------------|-----------------------------------------------------------------------------------------------------------------------------------------------|
| Catalog No                | BYab-11691                                                                                                                                    |
| Isotype                   | IgG                                                                                                                                           |
| Reactivity                | Human; Mouse;Rat                                                                                                                              |
| Applications              | WB;ELISA;IHC                                                                                                                                  |
| Gene Name                 | PYROXD1                                                                                                                                       |
| Protein Name              | PYRD1                                                                                                                                         |
| Immunogen                 | Synthesized peptide derived from human PYRD1 AA range: 374-424                                                                                |
| Specificity               | This antibody detects endogenous levels of PYRD1 at Human/Mouse/Rat                                                                           |
| Formulation               | Liquid in PBS containing 50% glycerol, 0.5% BSA and 0.02% sodium azide.                                                                       |
| Source                    | Polyclonal, Rabbit,IgG                                                                                                                        |
| Purification              | The antibody was affinity-purified from rabbit serum by affinity-chromatography using specific immunogen.                                     |
| Dilution                  | WB 1:500-2000;IHC-p 1:50-300; ELISA 2000-20000                                                                                                |
| Concentration             | 1 mg/ml                                                                                                                                       |
| Purity                    | ≥90%                                                                                                                                          |
| Storage Stability         | -20°C/1 year                                                                                                                                  |
| Synonyms                  |                                                                                                                                               |
| Observed Band             |                                                                                                                                               |
| Cell Pathway              | Nucleus . Cytoplasm . Cytoplasm, myofibril, sarcomere .                                                                                       |
| Tissue Specificity        |                                                                                                                                               |
| Function                  | cofactor: Binds 1 FAD per subunit.,similarity:Belongs to the class-I pyridine nucleotide-disulfide oxidoreductase family. PYROXD1 subfamily., |
| Background                |                                                                                                                                               |
| matters needing attention | Avoid repeated freezing and thawing!                                                                                                          |
| Usage suggestions         | This product can be used in immunological reaction related experiments. For more information, please consult technical personnel.             |

## Products Images

Western blot analysis of lysates from HpeG2 cells, primary antibody was diluted at 1:1000, 4° over night

Immunohistochemical analysis of paraffin-embedded human Gastric adenocarcinoma. 1, Antibody was diluted at 1:200(4° overnight). 2, Tris-EDTA, pH9.0 was used for antigen retrieval. 3, Secondary antibody was diluted at 1:200(room temperature, 45min).
