TPC1 rabbit pAb

Catalog No	BYab-11914
Isotype	IgG
Reactivity	Human; Mouse;Rat
Applications	WB
Gene Name	TPCN1 KIAA1169 TPC1
Protein Name	TPC1
Immunogen	Synthesized peptide derived from human TPC1 AA range: 104-154
Specificity	This antibody detects endogenous levels of TPC1 at Human/Mouse/Rat
Formulation	Liquid in PBS containing 50% glycerol, 0.5% BSA and 0.02% sodium azide.
Source	Polyclonal, Rabbit,IgG
Purification	The antibody was affinity-purified from rabbit serum by affinity-chromatography using specific immunogen.
Dilution	WB 1：500-2000
Concentration	1 mg/ml
Purity	≥90%
Storage Stability	-20°C/1 year
Synonyms	
Observed Band	
Cell Pathway	Lysosome membrane ; Multi-pass membrane protein . Endosome membrane ; Multi-pass membrane protein . Early endosome membrane ; Multi-pass membrane protein . Recycling endosome membrane ; Multi-pass membrane protein .
Tissue Specificity	Highest expression found in the heart and kidney, and lowest expression found in the spleen.
Function	domain:Each of the two internal repeats contains five hydrophobic transmembrane segments (S1, S2, S3, S5, S6) and one positively charged transmembrane segment (S4). S4 segments probably represent the voltage-sensor and are characterized by a series of positively charged amino acids at every third position.,function:May function as one of the major voltage-gated Ca(2+) channel (VDCC) across the plasma membrane.,similarity:Belongs to the calcium channel alpha-1 subunit (TC 1.A.1.11) family.,subunit:Dimer .,tissue specificity:Highest expression found in the heart and kidney, and lowest expression found in the spleen.,

Background	Voltage-gated Ca(2+) and Na+ channels have 4 homologous domains, each containing 6 transmembrane segments, S1 to S6. TPCN1 is similar to these channels, but it has only 2 domains containing S1 to S6 (Ishibashi et al., 2000 [PubMed 10753632]).[supplied by OMIM, Mar 2008],
matters needing attention	Avoid repeated freezing and thawing!
Usage suggestions	This product can be used in immunological reaction related experiments. For more information, please consult technical personnel.
