

# ZNF695 Monoclonal Antibody

|                           |                                                                                                                                   |
|---------------------------|-----------------------------------------------------------------------------------------------------------------------------------|
| Catalog No                | BYmab-02201                                                                                                                       |
| Isotype                   | IgG                                                                                                                               |
| Reactivity                | Human;Rat;Mouse;                                                                                                                  |
| Applications              | WB                                                                                                                                |
| Gene Name                 | ZNF695                                                                                                                            |
| Protein Name              | Zinc finger protein 695                                                                                                           |
| Immunogen                 | Synthesized peptide derived from the Internal region of human ZNF695.                                                             |
| Specificity               | ZNF695 Monoclonal Antibody detects endogenous levels of ZNF695 protein.                                                           |
| Formulation               | Liquid in PBS containing 50% glycerol, 0.5% BSA and 0.02% sodium azide.                                                           |
| Source                    | Monoclonal, Mouse,IgG                                                                                                             |
| Purification              | The antibody was affinity-purified from mouse antiserum by affinity-chromatography using epitope-specific immunogen.              |
| Dilution                  | WB 1:500-2000                                                                                                                     |
| Concentration             | 1 mg/ml                                                                                                                           |
| Purity                    | ≥90%                                                                                                                              |
| Storage Stability         | -20°C/1 year                                                                                                                      |
| Synonyms                  | ZNF695; Zinc finger protein 695; Zinc finger protein SBZF3                                                                        |
| Observed Band             | 65-70kD / 20kd f/ isof/m Q8IW36-1                                                                                                 |
| Cell Pathway              | Nucleus .                                                                                                                         |
| Tissue Specificity        | Leiomyosarcoma,Lung carcinoma,                                                                                                    |
| Function                  | function:May be involved in transcriptional regulation.,similarity:Contains 1 KRAB domain.,                                       |
| Background                | function:May be involved in transcriptional regulation.,similarity:Contains 1 KRAB domain.,                                       |
| matters needing attention | Avoid repeated freezing and thawing!                                                                                              |
| Usage suggestions         | This product can be used in immunological reaction related experiments. For more information, please consult technical personnel. |
