

RIT2 Monoclonal Antibody

Catalog No BYmab-05621 Isotype IgG Reactivity Human;Rat;Mouse Applications WB Gene Name RIT2 RIN ROC2 Protein Name GTP-binding protein Rit2 (Ras-like protein expressed in neurons) (Ras-like without CAAX protein 2) Immunogen Synthesized peptide derived from part region of human protein Specificity RIT2 Monoclonal Antibody detects endogenous levels of protein. Formulation Liquid in PBS containing 50% glycerol, and 0.02% sodium azide. Source Monoclonal, Mouse, IgG Purification The antibody was affinity-purified from mouse antiserum by affinity-chromatography using epitope-specific immunogen. Dilution WB 1:500-2000 Concentration 1 mg/ml Purity ≥90% Storage Stability -20°C/1 year Synonyms Observed Band 23kD Cell Pathway Nucleus. Cell membrane . Colocalizes with PLXNB3 at the plasma membrane (PubMed:16122393) Tissue Specificity Neuron-specific. Function function.Binds and exchanges GTP and GDP, miscellaneous.Shows rapid uncatalyzed quanine nucleotide dissociation rates, which are much faster than those of most Ras subfami		
Reactivity Human;Rat;Mouse Applications WB Gene Name RIT2 RIN ROC2 Protein Name GTP-binding protein Rit2 (Ras-like protein expressed in neurons) (Ras-like without CAAX protein 2) Immunogen Synthesized peptide derived from part region of human protein Specificity RIT2 Monoclonal Antibody detects endogenous levels of protein. Formulation Liquid in PBS containing 50% glycerol, and 0.02% sodium azide. Source Monoclonal, Mouse, IgG Purification The antibody was affinity-purified from mouse antiserum by affinity-chromatography using epitope-specific immunogen. Dilution WB 1:500-2000 Concentration 1 mg/ml Purity ≥90% Storage Stability -20°C/1 year Synonyms Observed Band 23kD Cell Pathway Nucleus . Cell membrane . Colocalizes with PLXNB3 at the plasma membrane (PubMed: 16122393) Neuron-specific. Function function: Binds and exchanges GTP and GDP, miscellaneous: Shows rapid uncatalyzed guarine nucleotide dissociation rates, which are much faster than those of most Ras subfamily members, similarity Eleongs to the smit of Pase superfamily, Ras family, subunit Interacts with VLTA in the Ceterminal domain of RALMs and RIF in this with RIN1 and PIRKOA, RLF binds exclusively to the specificity. Neuron-specific. Background RIN belongs to the RAS (HRAS; MIM 190020) superfamily of small GTPases	Catalog No	BYmab-05621
Applications WB Gene Name RIT2 RIN ROC2 Protein Name GTP-binding protein Rit2 (Ras-like protein expressed in neurons) (Ras-like without CAAX protein 2) Immunogen Synthesized peptide derived from part region of human protein Specificity RIT2 Monoclonal Antibody detects endogenous levels of protein. Formulation Liquid in PBS containing 50% glycerol, and 0.02% sodium azide. Source Monoclonal, Mouse, IgG Purification The antibody was affinity-purified from mouse antiserum by affinity-chromatography using epitope-specific immunogen.
