

# Serpin A11 Polyclonal Antibody

|                           |                                                                                                                                   |
|---------------------------|-----------------------------------------------------------------------------------------------------------------------------------|
| Catalog No                | BYab-20525                                                                                                                        |
| Isotype                   | IgG                                                                                                                               |
| Reactivity                | Human;Rat;Mouse;                                                                                                                  |
| Applications              | WB;IHC                                                                                                                            |
| Gene Name                 | SERPINA11                                                                                                                         |
| Protein Name              | Serpin A11                                                                                                                        |
| Immunogen                 | The antiserum was produced against synthesized peptide derived from human SERPINA11. AA range:191-240                             |
| Specificity               | Serpin A11 Polyclonal Antibody detects endogenous levels of Serpin A11 protein.                                                   |
| Formulation               | Liquid in PBS containing 50% glycerol, 0.5% BSA and 0.02% sodium azide.                                                           |
| Source                    | Polyclonal, Rabbit,IgG                                                                                                            |
| Purification              | The antibody was affinity-purified from rabbit antiserum by affinity-chromatography using epitope-specific immunogen.             |
| Dilution                  | WB 1:500-2000;IHC-p 1:50-300                                                                                                      |
| Concentration             | 1 mg/ml                                                                                                                           |
| Purity                    | ≥90%                                                                                                                              |
| Storage Stability         | -20°C/1 year                                                                                                                      |
| Synonyms                  | SERPINA11; Serpin A11                                                                                                             |
| Observed Band             | 47kD                                                                                                                              |
| Cell Pathway              | Secreted .                                                                                                                        |
| Tissue Specificity        | Fetal liver,                                                                                                                      |
| Function                  | similarity:Belongs to the serpin family.,                                                                                         |
| Background                | similarity:Belongs to the serpin family.,                                                                                         |
| matters needing attention | Avoid repeated freezing and thawing!                                                                                              |
| Usage suggestions         | This product can be used in immunological reaction related experiments. For more information, please consult technical personnel. |

## Products Images

Western blot analysis of lysates from HT-29 cells, using SERPINA11 Antibody. The lane on the right is blocked with the synthesized peptide.

Immunohistochemical analysis of paraffin-embedded human liver cancer. 1, Antibody was diluted at 1:200(4° overnight). 2, Tris-EDTA,pH9.0 was used for antigen retrieval. 3,Secondary antibody was diluted at 1:200(room temperature, 45min).
