| Gene Name                 | MCFD2 SDNSF                                                                                                                              |
| Protein Name              | MCFD2 (Cleaved-Glu27)                                                                                                                    |
| Immunogen                 | Synthesized peptide derived from human MCFD2 (Cleaved-Glu27)                                                                             |
| Specificity               | This antibody detects endogenous levels of Human,Mouse,Rat MCFD2 (Cleaved-Glu27, protein was cleaved amino acid sequence between 26-27 ) |
| Formulation               | Liquid in PBS containing 50% glycerol, 0.5% BSA and 0.02% sodium azide.                                                                  |
| Source                    | Polyclonal, Rabbit,IgG                                                                                                                   |
| Purification              | The antibody was affinity-purified from rabbit serum by affinity-chromatography using specific immunogen.                                |
| Dilution                  | WB 1:500-2000;IHC-p 1:50-300                                                                                                             |
| Concentration             | 1 mg/ml                                                                                                                                  |
| Purity                    | ≥90%                                                                                                                                     |
| Storage Stability         | -20°C/1 year                                                                                                                             |
| Synonyms                  | Multiple coagulation factor deficiency protein 2 (Neural stem cell-derived neuronal survival protein)                                    |
| Observed Band             | 14 16kD                                                                                                                                  |
| Cell Pathway              | Endoplasmic reticulum-Golgi intermediate compartment . Endoplasmic reticulum . Golgi apparatus .                                         |
| Tissue Specificity        |                                                                                                                                          |
| Function                  |                                                                                                                                          |
| Background                |                                                                                                                                          |
| matters needing attention | Avoid repeated freezing and thawing!                                                                                                     |

### Usage suggestions

This product can be used in immunological reaction related experiments. For more information, please consult technical personnel.

### Products Images

Immunohistochemical analysis of paraffin-embedded human liver cancer. 1, Antibody was diluted at 1:200(4° overnight). 2, Tris-EDTA,pH9.0 was used for antigen retrieval. 3,Secondary antibody was diluted at 1:200(room temperature, 45min).
