| Protein Name              |                                                                                                                                            |
| Immunogen                 |                                                                                                                                            |
| Specificity               | ECFP-Tag Monoclonal Antibody(8F6) HRP Conjugated, specially designed for your Western blot analysis.                                       |
| Formulation               | Liquid in PBS, pH 7.4, containing 0.02% sodium azide as preservative and 50% Glycerol.                                                     |
| Source                    | Monoclonal, Mouse IgG                                                                                                                      |
| Purification              | The antibody was affinity-purified from mouse ascites by affinity-chromatography using specific immunogen.                                 |
| Dilution                  | Optimal working dilutions should be determined experimentally by the investigator. Suggested starting dilutions are as follows: WB 1:5000. |
| Concentration             | 1 mg/ml                                                                                                                                    |
| Purity                    | ≥90%                                                                                                                                       |
| Storage Stability         | -20°C/1 year                                                                                                                               |
| Synonyms                  | EYFP                                                                                                                                       |
| Observed Band             |                                                                                                                                            |
| Cell Pathway              |                                                                                                                                            |
| Tissue Specificity        |                                                                                                                                            |
| Function                  |                                                                                                                                            |
| Background                |                                                                                                                                            |
| matters needing attention | Avoid repeated freezing and thawing!                                                                                                       |
