

# SG494 Polyclonal Antibody

|                           |                                                                                                                                                                                                 |
|---------------------------|-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Catalog No                | BYab-22964                                                                                                                                                                                      |
| Isotype                   | IgG                                                                                                                                                                                             |
| Reactivity                | Human;Mouse                                                                                                                                                                                     |
| Applications              | WB;ELISA                                                                                                                                                                                        |
| Gene Name                 | SGK494                                                                                                                                                                                          |
| Protein Name              | Uncharacterized serine/threonine-protein kinase SgK494 (EC 2.7.11.1) (Sugen kinase 494)                                                                                                         |
| Immunogen                 | Synthesized peptide derived from part region of human protein                                                                                                                                   |
| Specificity               | SG494 Polyclonal Antibody detects endogenous levels of protein.                                                                                                                                 |
| Formulation               | Liquid in PBS containing 50% glycerol, and 0.02% sodium azide.                                                                                                                                  |
| Source                    | Polyclonal, Rabbit,IgG                                                                                                                                                                          |
| Purification              | The antibody was affinity-purified from rabbit antiserum by affinity-chromatography using epitope-specific immunogen.                                                                           |
| Dilution                  | WB 1:500-2000 ELISA 1:5000-20000                                                                                                                                                                |
| Concentration             | 1 mg/ml                                                                                                                                                                                         |
| Purity                    | ≥90%                                                                                                                                                                                            |
| Storage Stability         | -20°C/1 year                                                                                                                                                                                    |
| Synonyms                  |                                                                                                                                                                                                 |
| Observed Band             | 30kD                                                                                                                                                                                            |
| Cell Pathway              |                                                                                                                                                                                                 |
| Tissue Specificity        | Amygdala,Brain,Cerebellum,                                                                                                                                                                      |
| Function                  | catalytic activity:ATP + a protein = ADP + a phosphoprotein.,similarity:Belongs to the protein kinase superfamily. Ser/Thr protein kinase family.,similarity:Contains 1 protein kinase domain., |
| Background                | catalytic activity:ATP + a protein = ADP + a phosphoprotein.,similarity:Belongs to the protein kinase superfamily. Ser/Thr protein kinase family.,similarity:Contains 1 protein kinase domain., |
| matters needing attention | Avoid repeated freezing and thawing!                                                                                                                                                            |
