

# DUS1L rabbit pAb

|                           |                                                                                                                                                                             |
|---------------------------|-----------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Catalog No                | BYab-24736                                                                                                                                                                  |
| Isotype                   | IgG                                                                                                                                                                         |
| Reactivity                | Human; Mouse;Rat                                                                                                                                                            |
| Applications              | WB                                                                                                                                                                          |
| Gene Name                 | DUS1L                                                                                                                                                                       |
| Protein Name              | DUS1L                                                                                                                                                                       |
| Immunogen                 | Synthesized peptide derived from human DUS1L AA range: 262-312                                                                                                              |
| Specificity               | This antibody detects endogenous levels of DUS1L at Human/Mouse/Rat                                                                                                         |
| Formulation               | Liquid in PBS containing 50% glycerol, 0.5% BSA and 0.02% sodium azide.                                                                                                     |
| Source                    | Polyclonal, Rabbit,IgG                                                                                                                                                      |
| Purification              | The antibody was affinity-purified from rabbit serum by affinity-chromatography using specific immunogen.                                                                   |
| Dilution                  | WB 1: 500-2000                                                                                                                                                              |
| Concentration             | 1 mg/ml                                                                                                                                                                     |
| Purity                    | ≥90%                                                                                                                                                                        |
| Storage Stability         | -20°C/1 year                                                                                                                                                                |
| Synonyms                  |                                                                                                                                                                             |
| Observed Band             |                                                                                                                                                                             |
| Cell Pathway              | cytosol,                                                                                                                                                                    |
| Tissue Specificity        |                                                                                                                                                                             |
| Function                  | cofactor:FAD.,function:Catalyzes the synthesis of dihydrouridine, a modified base found in the D-loop of most tRNAs.,similarity:Belongs to the dus family. Dus1 subfamily., |
| Background                |                                                                                                                                                                             |
| matters needing attention | Avoid repeated freezing and thawing!                                                                                                                                        |
