

# S35B3 rabbit pAb

|                           |                                                                                                                                                                    |
|---------------------------|--------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Catalog No                | BYab-25568                                                                                                                                                         |
| Isotype                   | IgG                                                                                                                                                                |
| Reactivity                | Human;Mouse                                                                                                                                                        |
| Applications              | WB                                                                                                                                                                 |
| Gene Name                 | SLC35B3 C6orf196 PAPST2 CGI-19                                                                                                                                     |
| Protein Name              | Adenosine 3'-phospho 5'-phosphosulfate transporter 2 (3'-phosphoadenosine 5'-phosphosulfate transporter) (PAPS transporter 2) (Solute carrier family 35 member B3) |
| Immunogen                 | Synthesized peptide derived from human S35B3 AA range: 258-308                                                                                                     |
| Specificity               | This antibody detects endogenous levels of human S35B3                                                                                                             |
| Formulation               | Liquid in PBS containing 50% glycerol, 0.5% BSA and 0.02% sodium azide.                                                                                            |
| Source                    | Polyclonal, Rabbit,IgG                                                                                                                                             |
| Purification              | The antibody was affinity-purified from rabbit serum by affinity-chromatography using specific immunogen.                                                          |
| Dilution                  | WB 1:1000-2000                                                                                                                                                     |
| Concentration             | 1 mg/ml                                                                                                                                                            |
| Purity                    | ≥90%                                                                                                                                                               |
| Storage Stability         | -20°C/1 year                                                                                                                                                       |
| Synonyms                  |                                                                                                                                                                    |
| Observed Band             |                                                                                                                                                                    |
| Cell Pathway              | Golgi apparatus membrane ; Multi-pass membrane protein .                                                                                                           |
| Tissue Specificity        | Preferentially and highly expressed in colon.                                                                                                                      |
| Function                  |                                                                                                                                                                    |
| Background                |                                                                                                                                                                    |
| matters needing attention | Avoid repeated freezing and thawing!                                                                                                                               |
